

WALK OF FAME — BUSINESS BRICK PROJECT

Investment: Double Brick - \$2, 200 (Inc GST)
Single Brick - \$1, 100 (Inc GST)

Project overview

Hollywood has one. So does Midland. The Swan Chamber's Walk of Fame has 33 bricks with names engraved in striking black lettering inserted into the pavement outside the Chamber's office on Old Great Northern Highway.

Why? The business community is the engine room of any community. In acknowledging the importance of a thriving business community for the Swan region, the Chamber has created this walk of fame as a lasting testament to the businesses people and companies of the region – past and present.

The engraved bricks are situated alongside the Chamber's large brass plaques of the Walk of Fame Business Award winners.

Stage two of the project will take up where stage one has left off and continue West along the pavement towards the historic centre of town and the Town Hall.

Download the Chamber application form.

Sample shown below of both small and large bricks currently in the Walk of Fame.
